## Shelf Extender

### Model No. 541-446 For DHB-BK Series Bins

Parts Included: 1- 5/16" Drill Bit  
20- 1/4" Hex Head Screws  
20- Self Locking Hex Nuts  
1- Shelf  
1- Level  
2- Support Legs

3. Using a magic marker, scribe the (8) leg holes on the prep table and the (2) holes on the prep table shelf. Using the Drill Bit provided, drill the whole on the prep table and the prep table shelf.

4. Attach the Shelf Extender to the Prep Table using the Screws and Nuts provided.

1. Attach the support legs to the shelf.

2. Set the shelf on the prep table shelf so the legs are on the end of the prep table and the shelf is sitting level on the prep table shelf. Note: Use the level provided to verify that the shelf extender is level.
