

DHB2SS-27A Dedicated Holding Bin

Product #: DHB2SS-27A

The Prince Castle Dedicated Holding Bins (DHBs) provide the “work-in-process” capacity required for large foodservice operations while performing at peak energy efficiency. With stainless steel constructed exterior and cavity walls, the DHBs feature a solid state digital control system for precise heater temperature control.

The unit features two cavities, each accommodating three (3) third-size, 2 1/2” deep pans - holding a total of six pans. Adjustable upper and lower heaters offer maximum flexibility in setting the precise food holding temperatures.

Exclusive Reli-A-Temp® infrared heater technology holds food temperatures more consistent within the designated holding time than other types of heating systems. This exclusive heater design spreads the heat evenly over the entire food holding area, eliminating edge drop off. Food is kept at the desired serving temperature and not overcooked. Extended hold times reduce waste and offer the flexibility to address peak/off-peak demands.

With MenuTrak, Prince Castle DHBs “supervise” menu items by identifying where menu items are located and tracking their respective hold times. MenuTrak also indicates when you would discard old product and begin cooking new product, reassuring you that your customers are always being served your best.

The Prince Castle DHB is backed by a one-year parts and one-year on-site labor warranty.

Product Features

- Independent upper and lower heating system per cavity.
- Temperature for each heater zone: Top and Bottom heater: 180° (65°C)
- Prince Castle pan indexing system designed to prevent incorrect pan placement and ensure precise holding temperatures and correct ambient conditions.
- Solid state digital controls.
- Equipped with MenuTrak food supervisory system.
- On/Off main power switch.
- Hold both fried and nonfried menu items in the same bin.
- Pre-programmed time and temperature.
- Unique pan lid system allows for perfect holding of moisture-sensitive foods, including hamburgers, grilled chicken and more.

MenuTrak Features

- Identifies Product and tracks holding times.
- Alphanumeric displays for each pan.
- Easy to transfer products within existing DHB.
